EN1279 Site Manual Template
An IGUMA Factory Production Control Manual

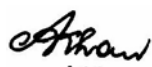

Product Compliance Description	The site manual has been developed in conjunction with the insulating glazing unit manufacturers association of New Zealand (IGUMA) as a specific implementation of EN1279-6:2002, which provides a regularly audited quality control system, and a factory production control system to ensure that durable, high quality IGUs are manufactured for exterior glazing purposes in buildings, which meet the requirements of the NZBC for durability.
Type	Insulating glazing units constructed with a composite edge seal without a hollow spacer bar.

This schedule supersedes any previously issued schedule.
