1.0 Conditions for the use of the Certificate & Trademark Logo

The Certificate of Conformance, Product Compliance Schedule and trademark logo, the PAS-Mark, is and shall always remain the property of Certification Solutions International Pty Ltd, herein after referred to as **CSI**.

CSI reserve the right to withdraw permission for the use of the certificate of conformance, product compliance schedule and PAS-Mark logo, in which case it is agreed, the client shall return the certificate of conformance and product compliance schedule and discontinue use of the PAS-Mark logo on receipt of such a Notice.

Reference to or use of the certificate of conformance, product compliance schedule, PAS-Mark logo or to **CSI** shall only be made during the period of certification. The issuance of a certificate of conformance and product compliance schedule by **CSI** does not exempt the client from their legal obligations with respect to the supply of goods or services.

A certificate of conformance, product compliance schedule and permission to use the PAS-Mark logo shall be granted annually upon successful completion of a business review against the.

- PAS-001-PAS-Mark-Scheme - Rules & Requirements
- Applicable product standard
- **CSI** document, PAS-002, Terms Conditions and Appeals Process

and payment of the relevant annual certification fees.

2.0 Use of the Certificate of Conformance and Product Compliance Schedule.

The certificate of conformance and product compliance schedule may be reproduced entirely and unchanged in original colours or in black and white, ensuring that all details are clearly legible. Reference to a certificate of conformance and product compliance schedule shall always be made with mention of the specified national or international standard, specification or industry code against which certification was granted and only with respect to the certified product.

For example: Toughened, Clear Float Safety Glazing has been tested and certified as complying with the stated requirements of the Australian/New Zealand Standard, AS/NZS 2208 Safety glazing materials in buildings.

The client shall be entitled to display the certificate of conformance and product compliance schedule at the manufacturing site, web site, in company documentation and/or in any promotional or advertising material.

The certificate of conformance and product compliance schedule can only be amended by **CSI** and cannot be transferred to a third party. At all times the certificate of conformance and product compliance schedule and copies of these documents remain the property of **CSI** and must be returned immediately when notified by **CSI** to do so

3.0 Use of the PAS-Mark

The **CSI** PAS-Mark shall be applied to a certified product in a manner that is permanent.

The PAS-Mark shall be applied directly to the certified product by stamping, printing, moulding, etching, labelling etc. Where removable labels are used, they shall be of a type that cannot be reapplied after removal.

The PAS-Mark may be applied to the certified product packaging, information sheet or advertising materials.

The PAS-Mark shall, where practicable, be used on all certified products. It is important to include the identification number of the national or international standard, specification or industry code to which the product has been certified and the **CSI** unique, licence ID number to allow traceability to the client manufacturing site. Any changes from the approved format below are required to be approved by **CSI** in writing prior to its use.

The client's company name and/or trading name or trademark shall be visible whenever the PAS-Mark is used.

The red colour to be used for the PAS-Mark is.

Red: CMYK, C = 7, M = 92, Y = 96, K = 0.
Black: CMYK, C = 0, M = 0, Y = 0, K = 100

PAS-Mark. This arrangement must be confirmed in writing by **CSI**.

When the PAS-Mark is to be used in a single colour, it is to appear all in black on a light background.

3.1 Compliance Marking Example

1. Company name and/or trademark logo.
2. Product standard compliance marking requirements and **CSI** client/manufacturing site, licence identification number.
3. **CSI** PAS-Mark

1. *It is important to ensure the PAS-Mark logo includes the relevant standard number and **CSI** ID Number*
2. *Alternative presentations of the PAS-Mark may be necessary on small products, or where there are other process or product limitations. In these circumstances, please contact your Account Manager or **CSI** and they will be pleased to listen to your suggestions on alternative marking arrangements and advise you on the methods they would find acceptable.*
3. *The PAS-Mark can be used in any size as long as the proportions remain unchanged, and the lettering/numbering remains legible.*
4. *In some instance the PAS-Mark may need to be used without lettering. If this is the case the clients shall ensure that a full mark, including all relevant lettering is used in documents or material attached or supplied to the product. This should ensure that consumers are well aware of the meaning of the*

4.0 Statements by Clients

There may be instances where the client wishes to include an additional statement on a certified product packaging and marketing literature, to further explain the PAS-Mark. Accordingly, the use of either of the following paragraphs is recommended:

“This product is marked with Certification Solutions International Pty Ltd, trademark logo the PAS-Mark. This indicates the conformity of our product is based upon, product testing, technical documentation, third party business reviews of our administration, manufacturing and quality control process to monitor our ability to consistently produce products in conformance with the product standard, AS/NZS-XXXX.”

or

” Conformance of this product with the product standard, AS/NZS-XXXX is monitored by Certification Solutions International Pty Ltd.”,

5.0 Limitation on the use of the PAS-Mark

The PAS-Mark may only be used in advertising that is specific to the certified product. When more than one product is being advertised, the PAS-Mark may only be used in association with the specific products shown on your product compliance schedule.

It is forbidden to use your product certification in such a manner as to bring **CSI** into disrepute or make any statements regarding product certification which regulatory authorities or **CSI** would consider misleading or deceptive.

Upon suspension or cancellation of your certificate of conformance and product compliance schedule, you shall discontinue the use of advertising matter that contains any reference to the PAS-Mark and return the certificate of conformance and product compliance schedule to **CSI** within twenty-eight (28) calendar days of suspension or cancellation.

You must ensure that the certificate of conformance and product compliance schedule or any business review report from **CSI** is not used in a misleading or unauthorised manner.

In making reference to your certificate of conformance and product compliance schedule in communication media such as documents; brochures, advertising and websites, it is the client’s responsibility to ensure conformance with the requirements of the **CSI** document, PAS-002-Terms, Conditions & Appeals.

Should you ever have any doubt or query about the use the PAS-Mark please contact your Account Manager or **CSI** for guidance.

6.0 Use of the JAS-ANZ symbol

6.1 CSi Conditions of Use.

CSi shall only use the JAS-ANZ accreditation symbol in the following manner.

- The CSi PAS-Mark and JAS-ANZ symbol are to be positioned in a manner that ensures the relationship between the PAS-Mark and JAS-ANZ accreditation symbol is obvious.
- The physical dimensions of the CSi PAS-Mark and JAS-ANZ symbol are proportionally equal.

6.2 Client Conditions of Use.

A client of CSi shall only use the JAS-ANZ accreditation symbol in the following manner.

- The combination of the CSi PAS-Mark and JAS-ANZ symbol is placed next to the name and/or logo of CSi client, unless otherwise stated by JAS-ANZ in writing; and
- The physical dimensions of the CSi PAS-Mark and JAS-ANZ symbol are proportionally equal

The use of the JAS-ANZ symbol must not imply that a product or service has been approved by JAS-ANZ. The CSi PAS-Mark and JAS-ANZ symbol, may be used on the certified product and packaging to demonstrate compliance with the applicable certification standard accredited by JAS-ANZ.

A CSi client must submit their intended use of the CSi PAS-Mark and JAS-ANZ symbol for review and approval by CSi.

6.3 Reproduction of the JAS-ANZ Symbol.

The JAS-ANZ symbol is only to be reproduced in the colour combination as shown in figure 1. [PMS Reflex Blue and PMS 485 (Red)] with the URL and Figure 2 [PMS Reflex Blue and PMS 485 (Red)] without the URL.

The URL for the JAS-ANZ register (www.jas-anz.org/register) must be displayed directly beneath the symbol. If the JAS-ANZ symbol is used more than once in the same document, the URL need only appear in the first instance.

The JAS-ANZ symbol may be reproduced in a single colour to conform to existing pre-printed stationary or newspaper and magazine articles, (see Figure 3 and Figure 4).

The JAS-ANZ symbol may be uniformly enlarged or reduced but shall be sufficiently large for the wording to be clearly legible.

The JAS-ANZ symbol may be stamped, moulded or otherwise incorporated on a certified product.

The JAS-ANZ symbol may be embossed or stamped when used on paper.
