AMENDMENT HISTORY

Date	Amendment Summary
12/01/2007	Original issue, Issue 1, Revision 0.
01/10/2007	Issue 1, Revision 1, New CSI logo inserted
01/06/2011	Issue 1, Revision 2, Review of document, updated references, formatted document.
01/02/2017	Issue 1, Revision 3, Review of document, updated references, formatted document.

1.0 Conditions for the use of the Certificate & Trade Mark Logo.

The Certificate of conformance, Product conformance schedule and trade mark logo, the PAS-Mark, is and shall always remain the property of Certification Solutions International Pty Ltd, herein after referred to as **CSI**.

CSI will issue each client with an individual certificate of conformance and associated product conformance schedule for each specified national or international standard, specification or industry code the client's products are certified against. **CSI** reserve the right to withdraw permission for the use of the certificate of conformance, product conformance schedule and PAS-Mark logo in which case it is agreed the client shall return the certificate of conformance and product conformance schedule and discontinue use of the PAS-Mark within 28 calendar days or receipt of such a Notice.

Reference to or use of the certificate of conformance, product conformance schedule, PAS-Mark logo or to **CSI** shall only made during the period of certification. The issuance of a certificate of conformance and product conformance schedule by **CSI** does not exempt the client from their legal obligations with respect to the supply of goods or services.

A certificate of conformance, product conformance schedule and permission to use the PAS-Mark logo shall be granted annually upon successful completion of a business review at the manufacturing premises against the Rules & Requirements of the Product Assessment Scheme, PAS-001, and payment of the relevant annual certification fees. Ongoing use of the certificate of conformance, product conformance schedule and PAS-Mark logo is subject to the clients continuing conformance with the Rules & Requirements of the Product Assessment Scheme, relevant national or international standard, specification or industry code standard and requirements and **CSI** document, PAS-002, Terms Conditions and Appeals Process.

2.0 Use of the Certificate of Conformance & Product Conformance Schedule.

The certificate of conformance and product conformance schedule may be reproduced entirely and unchanged in original colours or in black and white, ensuring that all details are clearly legible. Reference to a certificate of conformance and product conformance schedule shall always be made with mention of the specified national or international standard, specification or industry code against which certification was granted and only with respect to the certified product.

For example: Toughened, Clear Float Safety Glass has been tested and certified as complying with the requirements of the Australian/New Zealand Standard, AS/NZS 2208:1996 Safety glazing materials in buildings.

The client shall be entitled to display the certificate of conformance and product conformance schedule at the manufacturing site, web site, in company documentation and/or in any promotional or advertising material.

The certificate of conformance and product conformance schedule can only be amended by **CSI** and cannot be transferred to a third party. At all times the certificate of conformance and product conformance schedule and copies of these documents remain the property of **CSI** and must be returned immediately when notified by **CSI** to do so.

3.0 Use of the PAS-Mark.

The PAS-Mark logo shall be applied directly to the certified product by stamping, printing, moulding, etching, labelling etc. The PAS-Mark logo may be applied to the certified product packaging, information sheet or advertising materials.

The PAS-Mark shall, where practicable, be used on all certified products. It is important to include the identification number of the national or international standard, specification or industry code to which the product has been certified and the certificate of conformance, unique I.D. number to allow traceability to the manufacturer/ manufacturing site. Any changes from the approved format below are required to be approved by **CSI** in writing prior to its use.

The client's company, trading name or trade mark shall be visible whenever the PAS-Mark is used.

The red colour to be used for the PAS-Mark is;

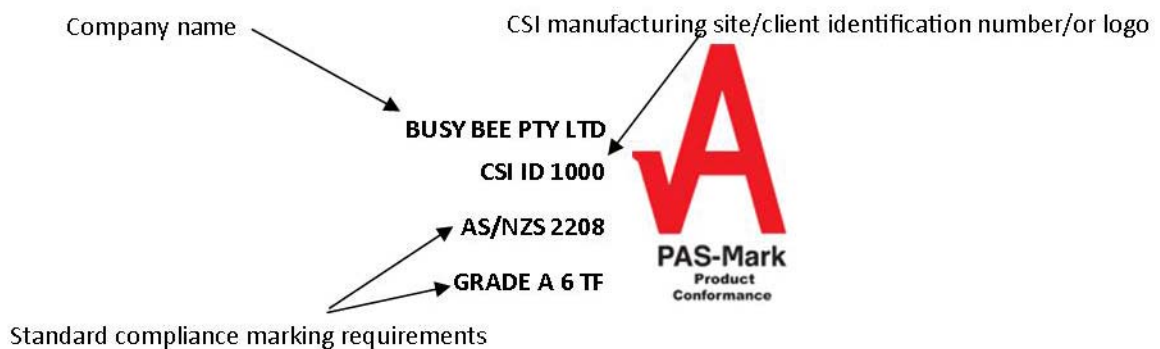

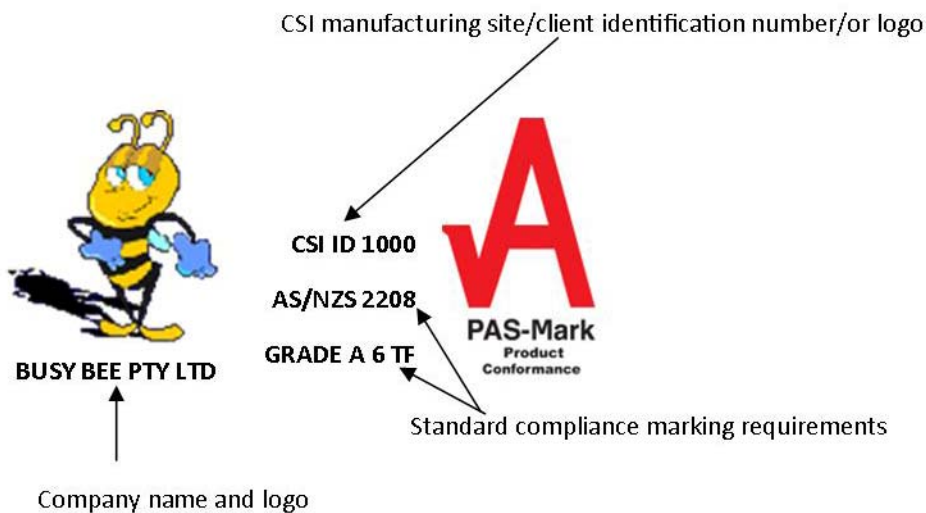

- Red: CMYK, C=7, M=92, Y=96, K=0.

The PAS-Mark can be presented either vertically or horizontally with lettering placed either vertically or horizontally alongside the PAS-Mark symbol. The lettering shall remain in the same direction as the PAS-Mark, only its position can vary.

Examples:

Examples of compliance marking

Please note:

1. It is important to ensure the PAS-Mark logo includes the relevant standard number and ID Number
2. Alternative presentations of the PAS-Mark may be necessary on small products, or where there are other process or product limitations. In these circumstances please contact your Account Manger or **CSI** and they will be pleased to listen to your suggestions on alternative marking arrangements and advise you on the methods they would find acceptable.

3. The PAS-Mark can be used in any size as long as the proportions remain unchanged and the lettering/numbering remains legible.
4. In some instance the PAS-Mark may need to be used without lettering. If this is the case client's shall ensure that a full mark, including all relevant lettering is used in documents or material attached or supplied to the product. This should ensure that consumers are well aware of the meaning of the PAS-Mark. This arrangement must be confirmed in writing by **CSI**.

4.0 Statement by Clients.

There may be instances where the client wishes to include an additional statement on a certified product packaging and marketing literature, to further explain the PAS-Mark. Accordingly use of either of the following paragraphs is recommended:

"This product is marked with Certification Solutions International Pty Ltd, trade mark logo the PAS-Mark. This indicates the conformity of our product is based upon, product testing, technical documentation, third party Business Reviews of our administration, manufacturing and quality control process to monitor our ability to consistently produce products in conformance with AS/NZS?????."

or

"Conformance of this product with the standard, AS/NZS xxxx is monitored by Certification Solutions International Pty Ltd."

5.0 Limitations on the use of the PAS-Mark.

The PAS-Mark may only be used in advertising that is specific to the certified product. When more than one product is being advertised, the PAS-Mark may only be used in association with the specific products shown on your product conformance schedule.

It is forbidden to use your product certification in such a manner as to bring **CSI** into disrepute or make any statements regarding product certification which regulatory authorities or **CSI** would consider misleading or deceptive.

Upon suspension or cancellation of your certificate of conformance and product conformance schedule, you shall discontinue the use of advertising matter that contains any reference to the PAS-Mark and return the certificate of conformance and product conformance schedule to **CSI** within 28 calendar days of suspension or cancellation.

You must ensure that the certificate of conformance and product conformance schedule or any business review report from **CSI** is not used in a misleading manner.

In making reference to your certificate of conformance and product conformance schedule in communication media such as documents; brochures, advertising and websites, it is the client's responsibility to ensure conformance with the requirements of the **CSI** Product Assessment Scheme and Terms and Conditions.

Should you ever have any doubt or query about the use the PAS-Mark contact your Account Manager or **CSI** for guidance.
